## INTERNATIONAL BANK

Chinese Indemnity Will Give It a Boost at the Start.

IT IS CHARTERED IN CONNECTICUT.

Branches Will Be Established in the Philippines—Reaching Out For Oriental and South America Business—Plans and Purposes.

New York, Jan. 2.—The plans of the International Banking corporation, which has been named by the president as repository for the portion of the Chinese indemnity due to the United States have been explained by General Thomas H. Hubbard, president of the board of directors of the new corporation. He says that after the Philippine agency is established other branches will be instituted in the principal cities of the Philippines. The ultimate purpose is that the entire Orient and South and Central America shall be comprehended by the operations of the bank.

All is the natural outgrowth of the commercial and territorial expansion of the United States, continued Gen. Hubbard. Heretofore there has been no particular need in the United States for a banking institution doing an international business, but since the Spanish war and the tremendous trade of recent years with South America, and the promise of a constantly increasing commerce with China and the Orient the necessity for just such an institution as this has been developed.

Heretofore all the exchange with foreign countries has been handled by the banks of Berlin and London. There are a number of international banks in these cities. It will be the purpose of the international banking corporation to secure as much as possible of the exchange business heretofore handled by these foreign banks with which this country is concerned.

So far comparatively little has been done by the new bank, its charter by special enactment of the Connecticut legislature having been obtained only last June. General Hubbard said a branch would be established in New York city, although the bank here would not be for purpose of deposit, exchange alone being handled. This New York bank is to be a sort of clearing house for the various branches controlled by the main institution.

The reason why the charter was obtained in Connecticut, according to General Hubbard, is found in the fact that the laws of that state are unusually liberal to banking institutions.

### PREFERRED STOCK RETIRED.

Northern Pacific Perfects Its Plans Preliminary to Merger Scheme.

New York, Jan. 2.—Formal notice was issued Thursday that in exercise of the power conferred upon it the Northern Pacific Railway company had retired its entire preferred stock. Each and every holder of a certificate for preferred stock not heretofore surrendered will, upon presentation and surrender of his certificate at the office of the company, No. 49 Wall street, receive payment in cash at par. Except as to this claim, all rights and claims of the preferred stockholders have ceased to exist.

Notice was also given by the Northern Pacific Railway company that it had elected to require the holder of every 4 per cent. convertible certificate of the company to convert the same into the common stock of the company at the rate of one share of \$100 for each \$100 of unpaid principal of the certificate and upon presentation and surrender of such certificate at the company's office the holder will be entitled to receive therefor common stock of the company at the rate aforesaid. No interest will accrue or be payable on any such certificate from and after January 1, 1902.

These notices showed that the capital stock of the company now consists of \$55,000,000 entirely in common stock, and that the bond certificates issued to provide for the retirement of the preferred stock would be retired immediately. The effect of this was to put what was formerly preferred stock on the same basis as the old common.

All of the Northern Pacific stock is to be taken over by the Northern Securities company, which will also acquire all of the stock of the Great Northern. The Northern Securities company will thus hold the stock certificates of the two companies, and under the settlement agreed upon between the contending interests for control in that field will administer the properties in its charge.

The belief in Wall street is general that the rapid retirement of Northern Pacific preferred stock, followed by the redemption of the bonds issued for its retirement, removed the obstacles in the way of carrying out the plan for the adjustment of difficulties

which grew out of the contest for control of the Northern Pacific last May. It was this contest and a sensational rise of Northern Pacific common to \$1,000 a share which brought about the sensational decline in the prices of other securities May 9.

### CAUGHT IN A GRIP.

Committee in Charge of Property of Everett-Moore Syndicate.

Cleveland, Jan. 2.—A committee of Cleveland bankers has taken charge of the various properties controlled by the Everett-Moore Electric railway syndicate.

A statement issued by the committee says that on account of tight money situation in different quarters where they were financing some of their enterprises, and although in their opinion they owned several million dollars worth of property over and above liabilities, they would be unable without temporary assistance to meet their obligations. Many of these obligations arose from the fact that the syndicate was engaged in the construction of a number of enterprises which were not fully completed, requiring large amounts of money to pay for labor and materials in construction. The syndicate was also recently disappointed in being unable to complete the negotiations for raising a large sum of money on certain bonds and stocks which would have furnished ready funds, and which negotiations it had reason to believe, until 10 days ago, would result favorably. So far as the personal affairs of the members of the syndicate are concerned their equities are largely in excess of liabilities, and it is claimed all the personal creditors can be paid without doubt from assets, and several hundred thousand dollars put into completing the properties.

In Cleveland upwards of 30 banks are creditors and these banks hold the choicest of the securities and the most equities.

Messrs. Everett & Moore stated that they were perfectly willing to turn all of their matters and properties over to a committee that should be appointed to handle them in connection with themselves to preserve the most equities, with the belief that when their properties were developed and creditors paid there would be a substantial amount to return to them.

The personnel of the committee is as follows: R. R. Newcomb, chairman; Myron T. Herrick, J. J. Sullivan, Calvary Morris, Kaufman Fays, E. G. Tiltonson secretary, and W. C. Mather.

Following are the most valuable properties of the syndicate: Cleveland Electric Railway company; Detroit United Railroad company; Cleveland, Painesville & Eastern Railroad company; Detroit & Toledo Shore Line Railroad company; Lake Shore Electric Railway company and Northern Ohio Traction company. All these properties were found, hardly without exception, in good condition, perfectly solvent and in nowise embarrassed. Among the telephone properties are the United States Long Distance Telephone company, the Cuyahoga Telephone company of Cleveland, the Stark County (O.) Telephone company, the Peoples Telephone company of Detroit, and numerous others.

### Currency Statement.

Washington, Jan. 2.—The monthly circulation statement of the comptroller of currency shows that at the close of the year 1901 the circulation of national bank notes was \$360,289,726, an increase as compared with December 31, 1900, of \$20,148,551, and an increase for the month of \$569,015. The circulation based on United States bonds amounted to \$325,009,306, an increase for the year of \$16,714,632, and a decrease for the month of \$1,202,880. The circulation secured by lawful money amounted to \$35,280,420, an increase for the year of \$3,433,919, and an increase for the month of \$11,771,895. The amount of United States registered bonds on deposit to secure circulating notes was \$326,280,280, and to secure public deposits \$110,244,640.

### Failures During Past Year.

New York, Jan. 2.—Reports to R. G. Dun & Company show that failures for the year 1901 were 11,002 in number and \$113,092,376 in amount of liabilities, while of banking and other fiduciary institutions, there were 74 insolvencies, involving \$18,018,774, a total of 11,076 defaults and \$131,111,150 liabilities. These figures compare very favorably with the 10,833 failures in 1900 with liabilities of \$174,113,236, of which 49 were banks for \$25,617,563. Manufacturing disasters in 1901 numbered 2,441 with an indebtedness of \$44,960,983, compared with 2,409 in the previous year owing \$51,702,142, while there were 7,965 suspensions of traders for \$52,060,640, against 7,844 in 1900 with liabilities of \$59,415,592.

### Hunter Accidentally Killed.

Louisville, Jan. 2.—William Goddard, prominent young business man, was killed while hunting at Greenburg, Ky., by the accidental discharge of his shotgun, which he was cleaning.

## PALMA IS PRESIDENT

Chosen to Be First Chief Executive of the Cuban Republic.

HE ACCEPTS THE HONOR MODESTLY.

Sterling Cuban Patriot Receives a Shower of Congratulations From His Countrymen—He Was First Choice of General Gomez.

New York, Jan. 2.—General Tomas Estrada Palma, the newly-elected president of Cuba, has received many dispatches and telegrams of felicitation from various parts of Cuba and this country.

Senor Emilio Bacardi, mayor of Santiago, cabled in the name of the municipal council: "I, with the president, wish you a happy New Year and all pleased to greet you as the first magistrate of the Cuban republic."

A dispatch from Dr. D. M. Satalos at Havana, a veteran of the 10 years' war in Cuba, sent a message of congratulation. From Nuevitas, province of Puerto Principe, Miguel Roura sent the following dispatch:

"Happy New Year. Triumph in Nuevitas. Hundred congratulations."

Senor Joaquin Fortun, brother-in-law of the late Jose Marti, said in a

message from Mexico City: "I am particularly delighted at your success as I was one of the first to advise your candidacy. I am pleased, too, because you have been an immaculate patriot all your life."

General Palma was particularly pleased with a cable message from Libara, Santiago province, which is his native state. This dispatch read: "Oriental patriots salute you as the first president of Cuba."

Emilio Agramonte telegraphed this from New York: "Hurrah for the honorable president of our country in whose hands its prosperity and happiness will be safe."

The Cuban president-elect was as reticent as ever regarding the policy of his administration. He said in an interview: "I have not had the least ambition to fill any public office; in fact, I all along refused to allow my name to be put forward as a presidential candidate. I am disappointed that there should have been any dissatisfaction over the election. I consented to the use of my name only at the last minute, when it was too late to withdraw. But I thought that absolute harmony prevailed, and that General Maso had consented to accept the vice presidency. I really would have preferred to have been allowed to stay out of politics and attend to my private affairs."

Senor Palma has been a resident of the United States about 18 years, and during the war which resulted in routing the Spaniards from Cuba he was at the head of the Cuban junta in New York. He was regarded as the guiding spirit in that struggle, co-operating with General Gomez, the Cuban commander-in-chief in the field. General Gomez, often called the Washington of Cuba, might have been the first president of the new republic, but it was not his ambition and he came to the United States some months ago to persuade Senor Palma to stand for the presidency.

### Sampson's Condition Serious.

Washington, Jan. 2.—Admiral Sampson's malady progresses slowly but very steadily toward the end. Medical science cannot check it. Symptoms of arterial degeneration have appeared, such as are incident to his malady, injecting great uncertainty into the case. Moreover, the patient is becoming less tractable and responsive to treatment.

### Was the Oldest Odd Fellow.

Santa Barbara, Cal., Jan. 2.—James Davidson, the oldest Odd Fellow in the United States, is dead here. He was born in West Virginia 89 years ago, and became a member of Franklin lodge at Wheeling June 17, 1838.

### NIHILIST OUTRAGE.

Bomb Exploded at the Palace of the Grand Duke Constantine.

Paris, Jan. 2.—A dispatch from Kiev, European Russia, says a bomb was exploded Wednesday night under the balcony of the palace of the Grand Duke Constantine. The explosion occurred at a moment when the salons were thronged with guests. A great panic followed, but nobody was injured, though the damage done was considerable. All the windows near the scene of the explosion were shattered. Nihilist students are suspected of committing the outrage, and 15 students have been arrested.

The Grand Duke Constantine is a son of the late Grand Duke Constantine, who was the brother of Emperor Alexander. One of the present Grand Duke Constantine's sisters is the Queen of Greece. The grand duke is president of the Imperial Academy of Sciences, aide-de-camp general and chief of the military schools of Russia.

### Nunn Resigned.

Washington, Jan. 2.—David A. Nunn, whose resignation as collector of internal revenue of the fifth Tennessee district was called for by the president a few days ago, handed his resignation to the president in person. He was accompanied to the White House by Representative Gibson of Tennessee. Mr. Nunn was appointed collector at the beginning of the McKinley administration. Soon after he was installed the removal of Democratic employees led to charges of violation of the civil service law. These charges, which remained dormant several years, were recently revived and precipitated the call for his resignation. It is understood that ex-Representative John McCall will be appointed to succeed Mr. Nunn. It also is understood that the re-appointment of Postmaster W. A. Wills of Nashville has been decided.

### Rear Admiral Roe Buried.

Washington, Jan. 2.—Impressive funeral services were held Thursday at St. John's Episcopal church over the late Rear Admiral Francis A. Roe, U. S. N., retired. Among the officiating clergymen was Rev. William Taylor Snyder, a nephew of the deceased. The remains were escorted to Arlington cemetery by a detachment of marines commanded by Lieutenant Colonel R. R. Russell, headed by the full marine band. The pall bearers were eight sailors, the honorary pall bearers being Rear Admirals Green, Schley, Weaver, Ludlow and Watson, Captains Sigbee and Bartlett, and Frank Hackett, former assistant secretary of the navy.

### Wakefield's Troubles.

South Framingham, Mass., Jan. 2.—A warrant was secured from the district court here charging perjury against William C. Wakefield, the young promoter of large financial enterprises who is in jail at Cambridge. The instrument was issued on complaint that Wakefield, as treasurer of the International Copper Syndicate, swore falsely to returns made to the commissioner of corporations as to the capital stock of the concern. The warrant will be served on him just as soon as an attempt is made to secure his release on bail from the charge of larceny, for he was arrested on his arrival from London before Christmas.

### Chief of Postmaster Foundry.

Washington, Jan. 2.—W. R. Spilman, of Manhattan, Kan., formerly private secretary to Fourth Assistant Postmaster General Bristow, has been appointed chief of the appointment division of the latter's office. This division has charge of the appointments of all the postmasters in the United States. Carter B. Keene of Freedom, Maine, formerly chief of the appointment division, has been appointed postoffice inspector.

### Gov. Crane's Third Term.

Boston, Jan. 2.—W. Murray Crane took the oath of office Thursday as governor of Massachusetts for his third term. The attendance at the state house was the largest assembled for a similar occasion in many years. The inaugural address treated of state matters exclusively. One of the principal recommendations of the governor was the appropriation of \$5,000,000 for carrying on the work of abolishing grade crossings, the money to be expended at the rate of \$500,000 a year.

### Accidentally Poisoned.

Detroit, Mich., Jan. 2.—Miss Beulah Wheeler, 22, a beautiful young society woman, died at her home on Second avenue from arsenical poisoning. Wednesday evening she retired to her room to rest before starting for the theater. Soon afterward Miss Wheeler called to her mother for aid and said she had taken the wrong medicine. What the young woman had taken for anti-pyrene proved to be arsenic. Physicians were immediately summoned. Despite their treatment Miss Wheeler died Thursday. She was born in Rome, N. Y.

## A LOCOMOTIVE LET GO.

Five Men Killed Outright and Others Were Seriously Injured.

VICTIMS WERE HORRIBLY MANGLED.

Frightful Catastrophe in Shops of Georgia Central at Macon—Trains Wrecked and Other Railway Mishaps Causing Loss of Life.

Macon, Ga., Jan. 2.—The boiler of a locomotive on the Georgia Central railway exploded at the shops in this city, killing five men outright and badly injuring 11 others, three of whom will probably die.

The dead are: John M. McDonald, machinist, Tosh Hodges, engineer, and James O'Neill, white; Urish Cornelius, a colored helper, and one unidentified. The heads of two of the victims were blown 100 feet from the bodies.

The explosion wrecked the roundhouse in which the engine was standing. A negro painting the top of the roundhouse was blown 100 yards, his body being reduced to an unrecognizable mass. Henry Fox, a machinist, was fatally injured. Alderman L. Willis, who was passing at the time, was severely injured.

The explosion also wrecked three locomotives that were in the building. The shock broke every window in a building at the corner of Poplar and Fifth streets, five blocks from where the explosion occurred.

### Train Wrecked and Burned.

Pittsburg, Jan. 2.—The through passenger train on the Baltimore & Ohio railroad was wrecked at Glencoe, Pa. Two men were killed, and of the 17 injured five were seriously hurt. The dead are: Engineer John Collins and Fireman McCune of Conneville, Pa. Seriously injured: D. J. Partella, mail clerk, Washington, D. C.; William Avery, a Baltimore & Ohio engineer; C. A. Young, mail clerk, Hagerstown, Md.; G. W. Ryan, Baltimore; R. R. Souser, Napier, Pa. The engine jumped the track and the entire train derailed. The track and the entire train was ditched. Probably the only thing that prevented a wholesale death list was the fact that the heavy vestibule cars did not break up in going over the embankment. The work to rescue the injured had to be done quickly, because the gas tanks in the cars were exploded and set fire to the wreckage. The flames spread rapidly and in a short time the entire train was burned.

### Freight Trains Collide.

Keithville, La., Jan. 2.—Freight trains on the Texas Pacific collided at this place and Fireman W. J. Daniels of Houston and Jas. Kane, hostler, were killed. George Arnold, race horse valued at \$20,000, was killed and several other race horses were injured. The horses belonged to J. W. Fuller of Mills Point, Tex., and were on the way home from the winter meeting at New Orleans. Twelve cars burned.

### Murder, Suicide and Wreck.

Kalispell, Mont., Jan. 2.—At Jennings Patrick Sullivan, a miner, shot and wounded his wife, who runs the section house there, killed his grandchild and himself. A special train with physicians was despatched to Jennings, and on the way the engine jumped the track killing Engineer Herron and seriously injuring Fireman Wilcox.

### Party Struck by Street Car.

Chicago, Jan. 2.—Five persons were seriously injured, one fatally, in a collision between a carriage and a flatbed street electric car at Fifty-third street. The surrey, which was demolished, was occupied by Samuel Fuller, his wife and four children. All suffered broken bones and bruises and little Helen Fuller was crushed so badly that she can not recover.

### Hotel and Theater Threatened.

New York, Jan. 2.—The Morton house and Keith's theater at Union square and Fourteenth street were threatened with destruction by fire. Fully 100 frightened patrons of the hotel were forced by smoke to make hasty exit from their rooms, and 22 firemen were overcome by smoke. Loss estimated at \$30,000. The hotel and theater are in the same building. The fire was confined to the lower part of the hotel. The theater was not damaged.

### Richardson and Roosevelt.

Washington, Jan. 2.—Congressman Richardson (Tenn.), the minority leader of the house, personally presented the president a set of his compilations of the messages and papers of the presidents of the United States. In making the presentation, Mr. Richardson laughingly asked the president to read carefully the constitution and declaration of independence. The president took the suggestion good-naturedly and replied that he would.

If the matter were sifted down it would be found that the secret of ex-Governor Bradley's war on Internal Revenue Commissioner Yerkes is the simple fact that the latter endorsed Hon. A. M. J. Cochran for U. S. Judge instead of boosting the ex-Governor.

## A GOOD SHOWING.

State Auditor's Report Shows Cash Balance of \$1,140,000.

Despite Lower Tax Rate and Heavy Expenses It Beats the Record Made By Republicans.

FRANKFORT, KY., Dec. 31.—The last report of former Auditor Stone shows that there was a balance of cash in the treasury at the expiration of his term, December 1, 1899, just two years ago from this date, of \$1,060,425.08. This was all the money the Bradley administration had in hand at that time under a tax rate of 52½ cents on each \$100 worth of property for the last three years of their term in office. For the years 1900 and 1901 the present Democratic administration has collected on a tax rate of 47½ cents for each year. The balance sheets of the Auditor and Treasurer at the close of business to-day will show a cash balance of about \$1,140,000, which is considerably more than the former administration had on hand at its close under the higher rate of taxation.

Had the tax rate of 52½ cents continued for 1900 and 1901 there would have been in the treasury the additional sum of \$942,448.76, or over \$2,000,000, which is conclusive proof that fiscal affairs under the present administration have been more economically handled in the interest of the tax-payers of the State than under the Bradley regime.

This is an exceptionally fine showing when it is taken into consideration that the large sums squandered by the Taylor administration had to be paid and the expenses of two sessions of the General Assembly borne.

Had the tax rate of 52½ cents been allowed to stand for the years 1900 and 1901 the old deficit existing in the general expenditure fund for years past would have been cleared up and the coming assembly would not have had this matter to deal with.

The report of State Auditor Coulter to the General Assembly contains a suggestion that the present rate be increased 2½ cents and estimates that this with a reapportionment of the funds will repair the deficit in a short time and provide money to meet the appropriations necessary to be made at this session.

The new regulation of the C. and O. railroad requiring conductors to collect 10 cents extra from each person who gets on a train without a ticket, will not be put into force until February 1st, an order having just been issued to this effect.

Miss Bessie and Lelah Martin entertained a number of their friends last evening at their hospitable home on Forest avenue. Crokinole, archery, pocket carom and artists were the games indulged in. The "mysterious cities" contest caused all "to put on their thinking caps." At 10 o'clock refreshments were served. The Misses Martin and their mother are ideal hostesses and an evening spent at their cosy home is always one of enjoyment.

The Gretna Green of Aberdeen has the following items: "Dr. Taulbee, of Maysville, and Dr. Eaton, of Aberdeen, removed a cancerous tumor from the shoulder-blade of Captain George Matson last Sunday. The Captain stood the operation all right and is now getting along nicely. Mrs. Nona Bricker Adamson, who had to undergo an operation at the hands of Drs. Taulbee, of Maysville, and Eaton, of Aberdeen, some three weeks since, we are glad to note, is convalescing and will soon entirely be well. Her case was a very serious one and her friends are rejoicing over the success of the operation."

# Dress Goods!

UNMATCHABLE VALUES.

The news to-day is of dress goods—a line that has received notice to leave. Intrinsically it is worth double the price asked. Fancy Ziblenes, dark backgrounds with irregular splashes of color and long, silky white hairs in the surface. Forty-five inches wide. Strictly all wool. A dozen different patterns. 25c. a yard. You couldn't ask anything prettier for children's dresses or women's house gowns.

# Kid Gloves, 50c.

Economical women never had a better chance to make one dollar count for two. These Kid Gloves are the same quality that usually sell for \$1 when the line of colors and sizes is complete. Only four colors left from the big Christmas selling. Tan, brown, gray, black. All sizes, but not all sizes in each color. We are selling all odd pairs and sizes before taking stock. It will pay you to buy several pairs of gloves at the price—50c.

### COMING TOBACCO FAIR.

The L. and N. Grants Rate of One Fare For Round Trip and Will Send Out Special Trains.

Mr. E. H. Binzel, local agent of the L. and N. railroad, is in receipt of the following from T. D. Bush, Division Passenger Agent, which is self-explanatory:

Dear Sir: In answer to yours of 30th in reference to the third annual tobacco fair at Maysville, I beg to advise that we will arrange to sell tickets to Maysville and return at rate of one fare from Lexington, Richmond, Paris and intermediate points on Feb. 21st and morning train of the 22nd, limited for return until the 24th.

Will provide extra coaches on train No. 10, and arrange for a special train to leave Maysville about 9 or 5:30 p. m. for Paris. We will get out a flyer advertising the train.

### At Valley Forge.

"At Valley Forge," which will be the offering at the opera house Thursday, January 9th, should be of exceptional interest, as the scenes are laid in the so-called colonial period of our history. It is a well constructed drama, replete with comedy, interspersed with a series of striking and powerful climaxes. The subject is a most interesting one serving as it does to bring down from the past an atmosphere of realism, the times and deeds of our ancestors. The quaintness of the stage settings lend additional charm to the performance in their completeness. The cast is also highly praised as being one of unusual strength. Mr. Wm. L. Roberts and Miss Olive Martin will be seen in the feature roles.

Carlisle Mercury: "Miss Alice Cummins suffered a fracture of one of her limbs Wednesday. A horse hitched to her buggy choked down, and in getting up he fell upon her."
